Cultural Connections in Disability

ENGAGE | EMPOWER | INCLUDE

This project supports people living with disability in our community to live a full and fulfilling life.

Community leaders and bi-lingual 'Community Connectors' will be working over the next two years to strengthen our community's ability to make a positive difference in the lives of people living with disability, their families and carers.

We will do this by:

- Connecting to people with disability, their families and carers.
- Providing them with culturally appropriate support, training and resources to get great outcomes from the NDIS and other disability services.
- Increasing the participation of people with disability and their families in the life of our community.
- Strengthening the community's awareness and acceptance of disability.

For more information visit: mccsa.org.au or contact one of your Community Connectors:
